

KLANG ABLETON PACKS

Hey there,

Thanks for purchasing :)

In order to install your instrument, please save the complete folder on your favourite place on your HD and leave it as it is. Now drop the .adg-File into Live. Alternatively you can load it from Lives Browser.

If you have to reassign the samples for any reason, you find an instruction [here](#). Don't forget to save your changes by clicking at the floppy symbol at the top right corner of the KLANG instrument.
